Big Sports, Big Business: A Century of League Expansions, Mergers, and Reorganizations

Frank P. Jozsa Jr.

The Expos' flow from Montreal to Washington, DC, and next rebirth because the Nationals, used to be one of many activities luck tales of 2005. due to the move, the crew has loved major raises in domestic attendance and money flow, broadcast revenues, and marketplace valuation. this can be yet one instance of the effect of activities league reorganization, a phenomenon as outdated because the leagues themselves. Frank Jozsa takes us on a tour, from the 1870s to the present, of the expansions and mergers, relocations and transfers which are regularly moving the pro activities landscape. Incorporating strategies from economics, demographics, management, and marketing, he explains the successes and screw ups of such efforts in baseball, football, basketball, hockey, and soccer, together with their results on staff competitiveness, marketplace share, and prosperity--and their effect at the groups during which they operate. Arguing that pro activities groups are profit-maximizing businesses, Jozsa's research sheds mild at the economics, culture, and politics of activities as massive business, as judgements are made and implemented, and provides an insightful point of view on Big Sports, Big Business: A Century of League Expansions, Mergers, and Reorganizations either the background and way forward for activities franchises. The Expos' circulate from Montreal to Washington, DC, and next rebirth because the Nationals, was once one of many activities luck tales of 2005. because of the move, the crew has loved major raises in domestic attendance and funds flow, sales from neighborhood radio and tv rights, and the predicted marketplace worth of the franchise--from \$50 million to over \$300 million in a single year. this is often yet one instance of the impression of activities Big Sports, Big Business: A Century of League Expansions, Mergers, and Reorganizations league reorganization, a phenomenon as outdated because the leagues themselves. Frank Jozsa takes us on a tour, from the 1870s to the present, of the expansions and mergers, relocations and transfers which are always transferring the pro activities landscape. Incorporating suggestions from economics, demographics, management, and marketing, he explains the successes and screw Big Sports, Big Business: A Century of League Expansions, Mergers, and Reorganizations ups of such efforts in baseball, football, basketball, hockey, and soccer, together with their results on crew competitiveness, industry share, and prosperity--and their impression at the groups within which they operate. Arguing that pro activities groups are profit-maximizing businesses, Jozsa's sharp research sheds mild at the economics, culture, and politics of activities as sizeable business, as judgements are made and implemented. as well as supplying a distinct viewpoint at the background and tradition of activities management, he deals insightful observation at the destiny customers of activities franchises.
