## Cartographic Sources in the Rosenberg Library

Henry G. Taliaferro

The Texas coast remained for a very long time one of many least-known stretches of the yankee Atlantic littoral, and Galveston Bay, the coast's such a lot sought after feature, used to be now not even proven by means of advertisement mapmakers till 1799. The wide cartographic choice of the Rosenberg Library in Galveston files the advance of cartography for this region. The Rosenberg holds maps that express Galveston Bay from 1725 on, in addition to the remainder of Texas, the Gulf of Mexico, the Caribbean Sea, and adjoining coasts. Its maps illustrate eu exploration of the hot international throughout the 16th and 17th centuries and the improvement of Texas through the eighteenth and 19th centuries. This precise advisor to the real cartographic assortment on the Rosenberg is selective, with entries describing and concerning the historical past of greater than 550 of the main major and worthwhile maps within the library's holdings. integrated are many unique maps in addition to photostats of infrequent or another way inaccessible maps. The descriptions specialize in advancements in Galveston and alongside the Texas coast yet contain different proper issues as well. A beneficiant scholarly advent through Henry G. Taliaferro Cartographic Sources in the Rosenberg Library III lines the early cartography of the Texas coast, comparing the significance of assorted records and putting them in old perspective.
