Enterprise and Trade in Victorian Britain: Essays in Historical Economics

Dierdre N. McCloskey

The essays during this ebook concentrate on the controversies bearing on Britain's fiscal functionality among the mid-nineteenth century and the 1st global War. The overriding subject matter is that Britain's personal assets have been regularly extra productive, extra resilient and extra profitable than is in general assumed. And if the economy's fulfillment used to be considerable, the effect on it of exterior elements (trade, overseas competition, policy) have been less major than is generally supposed. The ebook is dependent as follows: half One: the tactic of ancient Economics half Two: company in overdue Victorian Britain half Three: Britain on this planet Economy, 1846-1913.
