

# GEMINI

THE NEW **STAR TREK** NOVEL BY

MIKE W. BARR

---

## Gemini (Star Trek: The Original Series)

Mike W. Barr

Captain James T. Kirk and the "Starship Enterprise(TM) " were despatched to the planet Nador to take part in a watershed event: the Nadorians' first actual election, to vote on even if to hitch the United Federation of Planets. assisting the Federation are the planet's joint rulers: Their Serene Highnesses Abon and Delor, Siamese twins joined on the spinal wire to symbolize the cohesion of different tribes of Nador. yet a shadowy team of fans desires not anything Gemini (Star Trek: The Original Series) to do with the Federation, and may cease at not anything -- no matter if it's assassinating the princes or kidnapping Captain Kirk's nephew Peter -- to accomplish their goals!Kirk needs to paintings to forestall the lovers from wreaking havoc on Nador, and from harming his liked nephew -- yet even he could be hard-pressed to stem Gemini (Star Trek: The Original Series) the tide of chaos while the princes' terrible key is revealed!

"Gemini" by way of Mike W. Barr is an attractive regular superstar Trek tale set in the course of the unique 5 12 months mission. the tale follows the workforce of the company as Gemini (Star Trek: The Original Series) they're despatched the planet Nador to aid in a vote that's being taken on even if the planet may still subscribe to the Federation. The leaders of the planet, conjoined twins named Abon and Delor are advocates of becoming a member of the Federation yet they're made up our minds to enable the folk come to a decision for themselves. However, a faction against this are trying to disrupt the vote or even threaten the lives of Abon and Delor leading to Kirk and Co. stepping in to guard the twins and research the instigators. To be honest, I can't say it used to be the main mesmerizing of news because the plot was once fairly uncomplicated and the twists and turns, when have been quite attention-grabbing have been really obvious. The pacing and drama have been enough however the novel simply looked to be missing a true feeling of pleasure and tension. furthermore there has been a subplot concerning Kirk's nephew, Peter which appeared fairly superfluous to the whole lot and that i might quite have simply visible it cut. i believe it used to be extra to aim and additional boost Kirk's involvement within the tale however it simply didn't particularly upload whatever to the storyline. the easiest a part of the radical is about the therapy of Kirk, Spock and McCoy. Barr captures those major characters in useful demeanour that's equivalent to how they seem throughout the unique television series. In addition, the camaraderie and fascinating banter among all of them shines via rather well and those sections of the radical did have me smiling.Overall, it is a regular unique sequence novel that doesn't you need to be something spectacular. I suppose, the way in which i will be able to describe it might be that it's easily average. So, when you are searching for whatever unique in the Trek literary Universe you then should want to examine different offerings.

## Gemini Star Trek The Original Series

A home as offer those alternative of a bad staff is in. Also try than there is a un-likeable job if finding a many reason but offering the history.
