# Matthew in History by Ulrich Luz

Ulrich Luz

during this provocative book, Ulrich Luz issues the best way past the constraints of the historical-critical strategy because it has been practiced in past times centuries. He demonstrates the richness of the insights that may be received while the interpreter considers a number of results and affects textual content has had in next history, a mode of inquiry he calls Wirkungsgeschichte. This distinct approach, which Luz so brilliantly indicates in his multi-volume remark on Matthew, is right here utilized to the Sermon at the Mount, Matthew 10, and Matthew 16:18. Insights from the traditional fathers, from Scholastics, from Reformers and Anabaptists, and from many others are adduced to illustrate the significance of the background of Christian concept for the translation of biblical texts.

## Matthew In History
