Nick West and the Curse of Haunted Island

Jerry Fogarty

Nick West is an archeologist via profession, but if the destiny of the realm and the lifetime of his sister are at stake, every little thing changes. 2 hundred years in the past a pirate send crashed into an island off the northern coast of Florida and while all on board perished the island enacted its curse: whilst Nick West and the Curse of Haunted Island an Nick West and the Curse of Haunted Island individual dies at the island they have to inhabit the island forever in skeleton form. Nick's sister and a bunch of her acquaintances go back and forth to the uninhabited and forbidden island looking for a relaxed Halloween night, and to end up as soon as and for all that the island isn't really cursed. whereas at the island, pirate skeletons kidnap Nick's sister and plan totake over the realm through the use of a magic scepter that they posses. Will the pirate skeletons reach taking on the world? Can Nick get to the island in time to avoid wasting his sister and the world? simply time will tell.

This used to be a enjoyable learn for me. enjoyed the story.
