# The Ice Harvest (The Ice Harvest #1)

Scott Phillips

As *The Ice Harvest (The Ice Harvest #1)* attorney Charlie Arglist prepares to depart Wichita, Kansas, with a suitcase choked with stolen money, he revisits the scenes of his past--his indignant ex-wife, ex-lovers, law enforcement officials at the take, and bars packed with secrets and techniques that others will do something to hide.

i admire me a superb down and soiled crime novel up to i admire with regards to the other read. nobody goes to mistake Scott Phillips' *The Ice Harvest* for excellent literature any time soon, and that's a disgrace simply because books this stress-free frequently get neglected by way of the literati. This crime noir strikes speedy and directly out of the gate with profanity and nastiness. We meet Charlie Arglist, corrupt attorney *The Ice Harvest (The Ice Harvest #1)* and sleazy membership proprietor who spends Christmas Eve relocating from strip membership to crappy bar and again to a different strip club, sucking down the booze and snorting coke whilst possible. By bankruptcy two, a man's been clubbed with a bat, we've realized Charlie's blackmailing a few neighborhood politicians, and we listen of a bouncer's plans to wreck a guitarist's arms for blacking his (the guitarist's) female friend stripper's eye. It's simply that sort of book. The bouncer makes reliable on that threat, that is no shock from what we've learn previously, knowing simply what it really is we're conversing approximately here. take care of more? Well, here's what the bouncer appears like sweet-talking a person at the phone: "Well, if this isn't the rat-fuck of the century, I don't be aware of what is! ...As some distance *The Ice Harvest (The Ice Harvest #1)* as I'm involved you could grease up that yuletide Log of yours and shove it up your shithole!...You'll rue the day you concept you'll pull this shit on me, you toothless previous whore! I promise you'll remorse the day you have been fucking born!" He slammed the telephone receiver down, then picked it again up and screamed into it on the best of his lungs, then slammed it down into its cradle *The Ice Harvest (The Ice Harvest #1)* back and again, until eventually finally, respiring hard, he regarded up at Charlie and Pete. "Sorry," he continued, "that was once my mom. She wishes me to select up my childrens this night rather than tomorrow." Portraits of ethical corruption don't come any purifier and dirtier than that. If there's a personality with a redeeming feature, i need to have ignored it. notwithstanding i guess a pair minor incidents — *The Ice Harvest (The Ice Harvest #1)* a guy asking if Charlie's o.k. after he slips on a few ice or an ex-roommate of 1 of Charlie's previous girlfriends — may possibly count number as drops of the milk of human kindness amidst all of the darkness *The Ice Harvest (The Ice Harvest #1)* and filth. simply barely. Often books with despicable protagonists are difficult to get through. Your traditional inclination to sympathize with and prefer the most personality will get regularly sidelined. Here, you don't technically "like" Charlie Arglist — you simply dislike each *The Ice Harvest (The Ice Harvest #1)* person else much more that you simply do end up rooting for his success. He's no longer a foul man in step with se, no matter if he does, drunkenly, chortle a *The Ice Harvest (The Ice Harvest #1)* pair traces of cocaine together with his brother-in-law ahead of losing in to the Christmas *The Ice Harvest (The Ice Harvest #1)* get together of his ex-wife's family. He justifies this to himself via considering he should still see his teenagers one final time ahead of he leaves city and via now not eager to slur in entrance of his them. So you see, he's thoughtful in his debauchery. He even is going as

---

far as to waive stage-fees for strippers screwed over by way of Christmas Eve's gradual turnout. sometimes you may fear that Charlie's softer aspect goes to get him killed, yet combos of dumb success and unimaginably moronic bravado hold him via mostly. while he breaks right into a friend's domestic round 4am Christmas morning, the ensuing state of affairs is in part the Grinch confronting Cindy Lou Who and partially slapstick of a properly huge actual kind. Exactly what Charlie is as much as isn't totally transparent till The Ice Harvest has made it to previous the midway mark, yet private and non-private The Ice Harvest (The Ice Harvest #1) corruption play significant roles, naturally. whereas he sincerely must get out of city sooner or later within the rather quick future, Charlie dawdles, and, within the process, manages to burn each bridge, to make a sequence of undesirable judgments and to just about provide away all his gap playing cards sooner than his price tag is strong and his money is in hand. because the pace of the double-crossing starts to warmth up, Charlie loses progressively more secure havens and resources. In that final respect, the ebook may well virtually manifest itself as a type of allegorical deconstruction of a man, peeling away each one successive layer of social and mental wrapping till he's left with basically his personal unadorned selfishness and ego. Phillips most likely isn't going that far, yet to monitor Charlie Arglist movement ever extra down, down, down is in itself a specific thing of black and a laugh beauty. the belief of this comedy of catastrophe makes every little thing spectacularly worthwhile.
