Will the earlier stand within the approach of this specified The Valentine Bride (The Brides of Bella Lucia #8) Valentine wedding? This publication was once a disaster! to begin with it's the final in a series, that i have never read, and that i did not comprehend in any respect what the heck was once going on. there has been little or no backstory and the writer jumps correct in with the hole scene with Max asking Louise to paintings PR for the Bella Lucia restuarant chain. They instantly begin bickering, and in case you have not learn the series, you haven't any suggestion what's going on! For the 1st 4 chapters i used to be harassed and a bit indignant that this type of basic The Valentine Bride (The Brides of Bella Lucia #8) e-book used to be giving me this kind of not easy time. In complete disclosure, I learn this as a part of a problem to learn a romance novel. quite often i'm really not a romance fan and particularly no longer a Harlequin fan, yet I needed to The Valentine Bride (The Brides of Bella Lucia #8) choose whatever and this used to be it. it's a lovely brief book, thank God, yet after a number of chapters I simply skimmed to get the plot of the book. The writing used to be very plain. The characters have been as flat as pancakes and the plot The Valentine Bride (The Brides of Bella Lucia #8) was once vintage Harlequin cliché'. the complete time i used to be analyzing I simply desired to be done. i actually did not like this booklet and that i wouldn't suggest it to my worst enemy! 1 celebrity is generous!
